* Based on an independent price watch survey by Private Health UK in Summer 2006

** Based on a return flight from London Luton or Stanstead booked 2 months ahead with Ryan Air, Easy Jet or Sky Europe to Bratislava/Vienna Airport including airport taxes

***Hotel prices are based on a double-room quality Bed & Breakfast basis in low season, the cheaper option of a self-catering is half this price.

Many of the dental procedures which can be carried out at Piestany Dental Clinic & Spa are only worthwhile financially if a more than one tooth is treated or more than one procedure is carried out. A careful calculation should be made in each instance to check what the saving might be.
